

# Linear AMP33

## Mono block power amplifier

### SAFETY INSTRUCTION

To avoid personal injury or damage to equipment, please ensure that you read this manual in its entirety before attempting to operate the equipment. Please retain this manual for future reference.

TO PREVENT THE RISK OF ELECTRIC SHOCK, DO NOT UNDER ANY CIRCUMSTANCES REMOVE ANY PARTS OF THE EQUIPMENT COVER. THERE ARE NO USER SERVICEABLE PARTS INSIDE. ALL SERVICING MUST BE CARRIED OUT BY QUALIFIED SERVICE PERSONNEL.

*This icon marks a presence of un-insulated “dangerous voltage” within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.*

*This icon marks important operating, maintenance and service information that should be read to prevent possible personal injury.*

### WARNINGS

#### **Do Not Disassemble**

Do not attempt to service the equipment beyond that described in this manual. Touching the equipment's internal parts could result in severe personal injury. All other servicing or problems as listed below should be referred to qualified Consonance service technicians:

The power supply cord or plug has been damaged

Objects have fallen or liquid has been spilled into the equipment

The equipment does not appear to function normally or exhibits a marked change in performance

The equipment has been dropped or the enclosure damaged

Do not under any circumstances allow anyone to modify your Consonance equipment without first checking with Opera Audio, your dealer, or your distributor. Unauthorized modifications will invalidate your guarantee.

### **Power Source**

The equipment should be connected to a power supply only of the type described in this manual or as marked on the equipment.

### **Grounding or Polarization**

Power supply cords should be routed so that they are not likely to be walked on or pinched by items placed upon or against them, paying particular attention to cords and plugs, convenience receptacles, and the point where they exit from the amplifier.

### **Ventilation**

The equipment should be situated so that its location or position does not interfere with its proper ventilation.

The equipment must not be placed on bed, sofa, or similar surfaces, that may block the ventilation openings,

The equipment must not be placed in a built-in installation, such as a bookcase or cabinet that may impede the flow of air.

The equipment should be situated away from heat sources such as radiators, heat register, stoves, or other electronic appliances that produce heat. This equipment is not intended for commercial use.

### **Water and Moisture**

The equipment should not be used near water, e.g., near a bathtub, washbowl, kitchen sink, laundry tub, in a wet basement, or near a swimming pool etc. Similarly, do not placed objects filled with liquid, such as vases on top of the equipment.

### **Lighting**

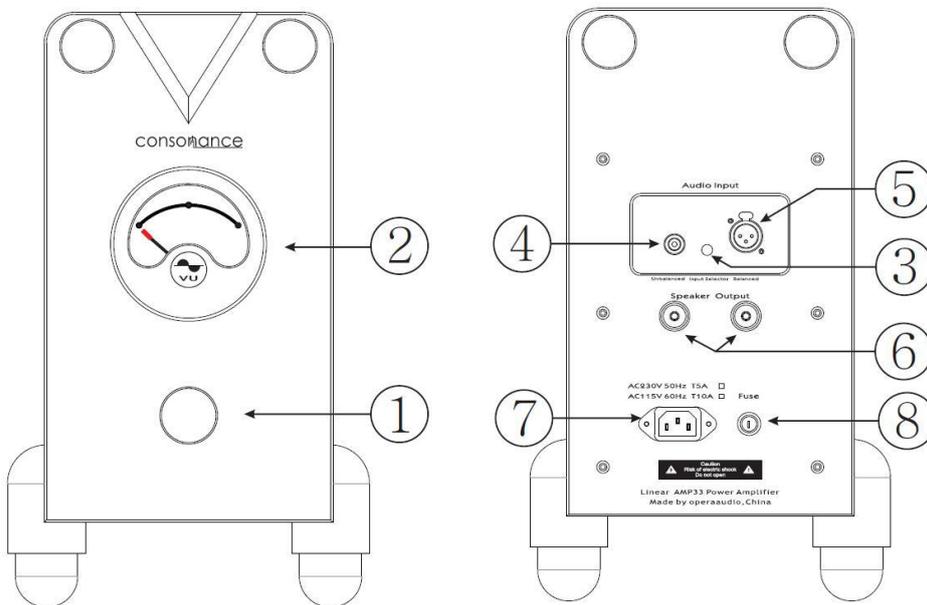

Consonance hi-fi system can be damaged by lightning. Power amplifiers are particularly at risk and therefore should be turned off when there is risk of lightning strike. For complete protection all mains plugs and any aerial cables should be disconnected when not in use.

### **Power Lines**

In case of connecting a tuner, an outdoor antenna should be located away from power lines. If an outside antenna is connected to the system, be sure the antenna is grounded so as to provide some protection against voltage surges and built up of static charges.

## **▲ Cleaning**

Never clean with furniture polish, benzene, or volatile liquids. Dust periodically with a clean, soft paint brush. Fingerprints can be removed with a moist polishing cloth.

1. Power switch
2. Output power Meter
3. Balanced RCA input select
4. Phono / RCA Input
5. Balanced / XLR Input
6. Speaker output
7. AC Power connection
8. Fuse

## **SPECIFICATIONS:**

Power output	300W at 8 Ohm (1KHz, THD<0.1%)
Minimum load	2 ohms speakers can be connected.
Input Terminals	Gold plated Phono / RCA unbalanced and gold plated XLR balanced
Frequency response	Less than +/- 0.5 dB deviation 2Hz-100kHz
Signal-to-noise ratio	More than 95dB
Distortion	Less than 0.015% @ 100W 1KHz
Dimensions	39cm x 57cm x 20cm (HxWxD)
Weight	25kg shipment weight

**SPECIFICATIONS SUBJECT TO CHANGE WITHOUT NOTICE.**

## WARRANTY

Opera audio guarantees each product manufactured by us to be free from defects in materials and workmanship under normal use. Our obligation under this warranty is limited to making good at our factory any part or parts thereof which shall, within 1 year after delivery to the original purchaser, be returned to us with transportation charges prepaid, and which an examination shall disclose to have been thus defective; this warranty being expressly in lieu of all other warranties expressed or implied and of all other obligations or liabilities on our part. This warranty shall not apply to any Opera audio product which shall have been repaired or altered outside of our factory in any way so as to affect its stability, nor which has been subject to misuse, negligence or accident. Warranties of the vacuum tubes are by the respective manufacturers, usually 90 days.
